### **2023 CPSIA Conformity Letter**

This letter confirms that EnduraPack's products have been tested for compliance with The Consumer Product Safety Improvement Act of 2008 (CPSIA) by independent and certified 3<sup>rd</sup> party laboratories.

In the event we see an imprint or product intended for the use of a child under 12 years old, we have an in house policy to review that product carefully before moving forward to make sure we remain in compliance with CPSIA and Proposition 65. Our products are tested for both CPSIA and Proposition 65 compliance by independent and certified 3<sup>rd</sup> party laboratories.

Testing results are available for reference.
