2023 Prop 65 Letter

This letter confirms that EnduraPack's products have been tested for the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) by an independent and certified 3rd party laboratories.

We are aware that if we do not comply, Proposition 65 requires businesses to notify Californians via warning labels about significant amounts of chemicals known to the State of California to **cause cancer, birth defects or other reproductive harm** contained in the products they purchase, in their homes or workplaces, or that are released into the environment.

Our products are tested for both CPSIA and Proposition 65 compliance by independent and certified 3rd party laboratories.

Testing results are available for reference.
